PROFILE

A highly motivated student with a strong passion for technology and a deep desire to constantly expand my knowledge and technical skills. I approach learning with a self-driven mindset, eager to take on new challenges and achieve excellence.

My dedication to personal and professional growth makes me a valuable asset to any organization seeking a diligent and enthusiastic computer engineering professional.

SKILLS

HTML	Java	Critical Thinking
CSS	C++	Problem Solving
Tailwind CSS	SQL	Continuous Learning
JavaScript	Github	X++
ReactJS	GitLab	Microsoft Dynamics 365
NextJS	Netlify	Microsoft SQL Server
Laravel	ZPL	SQL Server Reporting Services

EXPERIENCE

Microsoft Dynamics 365 Developer

Info-Sys February 2023 - June 2023

- Proficiency in X++ and SQL for report customization (e.g., SSRS), extending Dynamics 365 Finance and Operations functionalities, debugging skills and troubleshooting form customizations.
- Experienced in utilizing extensible controls and data sources to create dynamic interactive forms.
- Expertise in ZPL for label development and customization for products and shipments

Full Stack Web Developer

Creoshift July 2023 - Present

- Creating dynamic and interactive front-end components with ReactJS and Next.js.
- Utilizing Tailwind CSS for efficient and responsive UI design.
- Building RESTful APIs and handling server-side logic using Laravel.
- Integrating front-end and back-end to create full-fledged web applications.
